## New York, Columbia University, Rare Book and Manuscript Library, Western MS 114

*Description:* ff. 6 - Not bound, but evidence of sewing holes along spine suggest that this gathering was once part of a larger book. - Acquired in April 2018 from The Raab Collection of Pennsylvania.

*Notes:* -The saints that fill this calendar certainly point to an origin in northeastern Italy, and possibly in the diocese of Belluno given the entry for that city's relics on 24 May; other entries relevant to Belluno are the feasts on 22 May (for Joata) and on 20 July (saint's name no longer legible). It is, however, possible that the book belonged to someone in Padua, as there are six feasts that tie to that city (3 January, 30 January, 17 May, 2 August, 7 October, 7 November). The city of Treviso is represented in this calendar by four feasts (16 January, 27 April, 2 June, 21 November).
